Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1.   (Previously Presented) A method of managing quotes for a security, the method comprising:

receiving from a market participant additional aggregate quotes having a size, the additional aggregate quotes being quotes that are displayable as trading interest in a security, but not being attributable to any market participant.

2.   (Previously Presented) The method of claim 1 wherein receiving further comprises:

receiving quotes from market participants that are displayable quotes and attributable to corresponding ones of the market participants.

3.   (Previously Presented) The method of claim 1 wherein receiving further comprises:

receiving quotes that are reserve quotes, which are neither displayable quotes nor attributable to market participants, but are available as trading liquidity in the security.

4.   (Previously Presented) The method of claim 2 further comprising:

determining total aggregate quote sizes of displayable quotes received from market participants.

5.   (Previously Presented) The method of claim 4 wherein determining total aggregate quote size comprises:

Applicant : Abraham I. Zeigler   Attorney's Docket No.: 09857-023001
Serial No. : 09/401,875
Filed   : September 23, 1999
Page   : 3 of 7

determining the total aggregate quote sizes by adding received quotes and additional aggregate quotes received for the security at corresponding price levels to provide the total aggregate quote sizes at each of the corresponding price levels;

displaying the attributable quotes in an advertisement portion of a quote montage.

6.   (Previously Presented) The method of claim 4 wherein determining total aggregate quote size for quotes received for the security, comprises:

adding liked-priced quotes of the displayable and additional aggregate quote type together to provide a total aggregate quote.

7.   (Previously Presented) The method of claim 5 further comprising;

displaying the attributable quote in a current quote window and additional aggregate quote in an aggregate window.

8.   (Previously Presented) The method of claim 2 further comprising:

determining if the additional aggregate quotes and displayable quotes are proprietary or agency quotes;

determining a total of all agency quotes and proprietary quotes; and

displaying a total of all agency quotes and a total of all aggregate quotes, which includes the total agency quotes and proprietary quotes.

9.   (Previously Presented) The method of claim 1 further comprising:

determining if the quote is a displayable or additional aggregate quote type;

adding the quote to all other quotes of the marketable and additional aggregate quote types at price levels of the quote to provide a total aggregate quote size at the price levels;

displaying in a first montage, the quote if it is displayable; and

displaying in a different portion of the montage the total aggregate quote size .

10.   (Previously Presented) The method of claim 1 further comprising;

receiving a reserve quote.

11.   (Original) The method of claim 3 further comprising:

receiving an order; and

executing the order against a quote.

12.   (Previously Presented) The method of claim 11 wherein executing further

comprises:

executing additional aggregate quotes and reserve quotes to any balance of the order to

execute the balance of the order.

13.   (Currently Amended) An electronic market for trading of securities, the market

comprising:

a plurality of client stations for entering quotes for securities specifying a price level and

a quote size, with the quotes being quotes that are displayable and attributable to a specific

market participant or additional aggregate quotes that are displayable but not attributable to a

specific market participant; and

a server ~~process~~ that receives the quotes from the clients, aggregates the quotes and

causes totals of aggregate quotes for a plurality of price levels to be displayed on the client

systems.

14.   (Currently Amended) The electronic market of claim 13 wherein at client stations

quotes can be entered at a price level <u>and at</u> a quote size that ~~are~~ <u>includes</u> reserve quotes that are

neither displayable nor attributable to a specific market participant.

15.   (Currently Amended) The electronic market of claim 13 wherein the aggregated quotes are displayed at the client stations in a graphical user interface that includes an aggregate montage for displaying aggregate quotes at multiple price levels on either side of the market.

16.   (Previously Presented) The electronic market of claim 13 wherein the aggregated quotes are displayed as total aggregated interest and agency interest.

17.   (Previously Presented) The electronic market of claim 13 wherein quotes attributable to a specific market participant and are displayed in a current quote montage, disposed adjacent to the aggregate quote montage.

18.   (Previously Presented) A client station for entering quotes for securities, the client station comprising:

a display rendering a graphical user interface at which quotes can be entered at a price level, said interface comprising controls to enter:

a quote having a size, the quote being displayable and attributable to a specific market participant, a reserve quote, having a size, the reserve quote being neither displayable nor attributable to a specific market participant, and an additional aggregate quote, having a size that is displayable but not attributable to a specific market participant.

19.   (Previously Presented) The station of claim 18 wherein the interface is an aggregation montage and, the interface further includes a current quote montage for displaying attributable quotes.

20.   (Previously Presented) A graphical user interface for an electronic market for trading products, the graphical user interface comprising:

an aggregation window which displays additional aggregate quotes for a plurality of price levels of a product traded in the market, the aggregate quotes including quotes that are

attributable to market participants and quotes that are displayable quotes but are not attributable to any market participants.

21.   (Original) The graphical user interface of claim 20 further comprising a current quote window disposed adjacent the aggregation window.

22.   (Previously Presented) The graphical user interface of claim 20 further comprising:

a current quote window disposed adjacent the aggregation window and wherein said current quote window displays current displayable quotes of participants in the system.

23.   (Previously Presented) The graphical user interface of claim 20 further comprising:

a current quote window disposed adjacent the aggregate window and wherein said current quote window displays current displayable quotes of participants in the electronic market, and further comprises:

a quote that represents total aggregate quotes at a current market level displayed in the aggregation window.
